## PS – BB-Board

**½" Thick Silica Needled Mat Aluminized On One Side**

*This product was designed to insulate,  
and conform to most shapes and reflect heat.*

- Texturized aluminum coated on one side: The aluminized side will reflect heat up to 1200 F, is water proof, and will conform and hold its shape on most any application.
- The BB Board Silica Mat will insulate steady state of 1800 F.
- BB Board Sheets come 6" to 9" x 75' long, Sheets 39" x 47-1/2". Custom roll sizes are also available.

### APPLICATIONS:

Heat treating, appliances, pipe wrap, custom sleeves, furnace liner, insulation pads, heat protection, curtains, conveyor furnace curtains, die cut applications, weld blankets and fire protection/heat resistant applications.

The aluminized product adds rigidity while holding the shape in place once it is configured.
