## INDUCTION COIL COVERS AND SLEEVES AT PYRO SHIELD

Pyro Shield fabricates sleeves in house that can be cut to length. We are able to fabricate insulated and non-insulated sleeves to match your application's needs. Our sleeves have a hook and loop Velcro system to fasten around pipes and hoses. Our PS-32 is made as one layer of 3200 fabric, while the PS-45-SRC is made of silicone rubber coated fiberglass (on one side). Velcro for closure is available for both sleeves.

Size of Sleeve	Price of the PS-32	Price of the PS-45-SRC
